EDUCATION TECHNOLOGY DAY

The Department of Computer Applications conducted on EDUCATION TECHNOLOGY DAY on 23.09.2023.

The day started with the welcome address given by Selvi P. ASWINI II-BCA I-BATCH, followed by a presidential address was given by Dr. S. Rukmani, Principal, Sri Akilandeswari women's College, Wandiwash.

The Focal theme was given by Mrs.D.Rajasekhi Head & Assistant Professor, Department of Computer Applications. Next, the chief guest was Mrs. D. Tamilarasi, Assistant Professor, Department of Computer Applications, Mrs. K. Ramya, Assistant Professor, Department of Computer Applications.

The Special address was given by Mrs.D. Tamilarasi, Assistant Professor, Department of Computer Applications.

Education Technology Day Takes place on September 23 every year. It celebrates and appreciates the technology that help Students to learn better and teachers to teach better. It also celebrates the professionals who support the use of this technology and make the

sophisticated learning happen through technology. Did you know that the students who uses device for study achieve better? Yes in the United States, Students with more then 60 minutes per week of device use achieved higher acedamic results. So let's learn about the history of educational technology and the benefits it brings to learning process. We live in digital world today. There is no denying that! Technology has become a life skills. With Technology in classroom, Students are going to be able to access fresh information instantly which can Supplement their learning experience.

Students of II BCA of 48 members have actively participated and Benefited.

Finally, the vote of thanks was delivered by Selv. C. ISHWARYA II-BCA I-Batch.

NATIONAL TECHIES DAY

The Department of Computer Applications conducted on NATIONAL TECHIES DAY. on 03-10-2023

The Day Started with Welcome address given by Selvi. V. Yuvarani II - BCA II - BATCH followed by a Presidential address was given by Dr. S. Rukmani, Principal, Sri Akilandeswari Women's College, Wandiwash.

The Focal theme was given by Mrs. D. Rajaselvi, Head and Assistant Professor, Department of Computer Applications. Next, the chief Guest was Mrs. D. Tamilarasi, Assistant Professor, Department of Computer Applications, Mrs. K. Nandhini Assistant Professor, Department of Computer Applications.

The Special address was given by Mr. K. Ramya Assistant professor, Department of Computer Applications.

National Techies Day is a celebration of Technology and Techies.

The way we shop, work, travel, eat/drink and socialize is all connected with technology in some way or another. This is also the reason why we celebrate techies and the dedication they Put into their fields.

"Technology" comes from the Greek words "techne" (meaning "arts/ Crafts") and logos (meaning words"). In the begining, the word "technology" was used to refer to a discourse on applied arts.

Techie refers to a Person who is an expert in or enthusiastic on technology, especially computing and it commonly refers to people working on Information Technology. There are so many invincible Techies around us.

Students of II BCA of 95 members have actively participated and Benefited.

Finally, the vote of thanks was delivered by Selvi. B. Sivasakthi II - BCA II - Batch

ADA LOVELACE DAY

The Department of Computer Applications conducted on ADA LOVELACE Day on 12-10-2023.

The day started with the welcome address given by Selvi .S. RANJINI II-BCA II-Batch followed by a Presidential address was given by Dr.S. Rukmani, Principal, Sri Akilandeswari women's College, Wandiwash.

The Focal theme was given by Mrs.D. Rajaselvi Head and Assistant Professor, Department of Computer Applications. Next, the Chief Guest was Mrs. R. Mohanadevi, Assistant Professor, Department of Computer Applications, Mrs P. Tharagaselvi Assistant Professor, Department of Computer Applications.

The Special address was given by Mrs. C. Pradeepa Assistant Professor, Department of Computer Applications. Ada Lovelace Day is an annual event held on the second Tuesday of October to celebrate and raise awareness of the contributions of womens to STEM fields. It named after mathematical and computer science pioneer Ada Lovelace.

It started in 2009 as a "day of blogging" and has since become a multi-national event with conference.

Lord Byron and Annabella Milbanke Byron, daughter of Lovelace. was educated privately by tutors and then self-educated but was helped in her advanced studies by mathematical logician Augustus De Morgan, the first professor of Mathematics at the University of London. On July 8, 1835, She married William King, 8th Baron King and when he was created on earl in 1838, she became countess of Lovelace.

Students of II BCA II-BATCH of 49 members. have actively participated and benefited.

Finally, the Vote of thanks was delivered by Selvi K. Supirya, II-BCA II-Batch

National Ladies Learning Code Day.

National Ladies Learning Code Day was organized on 06.11.2023 Conducted by Department of Computer Applications. National Ladies Learning Code Day (also National Girl Learning Day) aims to equip more people with Coding skills, tools, and resources. The ultimate goal is to drive innovation and close the gender gap in the tech World Selvi. A. Dhaneshri of III BCA - II B stared the Celebration by Welcome address our honourable principal Dr. S. Rekmani gave the presidential address followed by Mrs. R. Saikumari, Assistant professor, Department of Computer Applications gave a focal theme of the Celebration. Mrs. R. Rajaselvi, Head & Assistant professor, Department of Computer Applications gave a special address on how to Code using C, C++, phthon and Javascript for the Web - one of the top in-demand Coding Languages. During this session, Learn basic Javascript programming Concepts, patterns and Syntax. Debugging is an programming event Conducted for final Year student which finds and resolves defects or Problem within a Computer Program that prevent Correct operation of Computer Software or a System. The debug Competition resulted in students who were very responsive, Well-prepared, enthusiastic, and followed the rules.

The level of Competition was kept on par with Competitive exams to assist students in their academic careers and future Job opportunities. The students appreciated the department's efforts to broaden their knowledge and learning. Overall 56 students were participated. This session was a good learning experience for the participants. They had the opportunity to familiarize themselves in the recent trends in industry. Finally the vote of thanks was delivered by selvi. E. Vijayalakshmi of III BCA I Batch.

International programmers Day.

On 27.12.2023 International programmers Day was organized by Department of Computer Applications for BCA Students with the theme about the programmers and also, We kept enormous number of events to develop the student Skills.

The presidential Address was delivered by Dr. S. Rukmani, principal, Sri Akilandeswari women's College, Wandiwash. Next, the focal theme was delivered by Mrs. D. Rajaselvi, Head and Assistant professor, Department of Computer Applications. The Special address & chief guest Introduction was given by Mrs. R. Saikumari, Assistant professor, Department of Computer Applications.

Further, our chief Guests Mrs. S. Sujatha, Head and Assistant professor, Department of Computer Science, Dr. S. Malathi, Assistant professor of Bio-chemistry Delivered their valuable Speech about the programmers day and the respective events.

Event - Co-ordinators

10.00 AM : Quiz Competition
Staff Co-ordinator : Mrs. M. Sunitha.

10.30 PM : FUNNY Coding
Staff Co-ordinators : Mrs. R. Saikumari

11.00 AM : poster presentation
Staff Co-ordinator : Mrs. C. Pradeepa.

11.30 AM : PPT & speech Competition
Staff Co-ordinator : Ms. K. Ramya.

12.15 PM : Jumble words & Connection
Staff Co-ordinator : Mrs. D. Tamilvaasi.

02.00 PM : Debugging
Staff Co-ordinator Mrs R. Mohana Devi.

02.28 PM : One Minute Speech.
Staff Co-ordinator Mrs. P. Thavagaselvi.

03.30 PM : Generating Quotes using Ascii
Staff Co-ordinators Mrs. Appadai Rajan

International programmers Day is celebrated on the 256th day of the year - chosen because this is the number of distinct Values that can be represented with an eight-bit byte, and the highest power of two which is less than 365. The people responsible for programmers Day falling in september are Michael Cherviakov and Valentin Ball, two Computer programmers from Russia who made their plea to the government as early as 2002. Then, in 2009, the government of Russia finally acted and declared the day to be a professional holiday, and set the date as September 13th which is 256th day of the year, it on September 12th if it happens to be a leap year.

The Host of the programmers Day was E. Vijayalakshmi III BCA I B, Totally 300 students of BCA Department were the Beneficiary students about programmers Day and Gained knowledge. Among them 50 students were participated in several Events.

Finally the vote of Thanks was delivered by Selvi. P. Sathya, III BCA II B and Concluded the event.

Young Student Scientist Programme

Report

Date : 01.1.2024 Time: 10.00 AM.

From 28.12.2023 to 11.01.2023 On 01.01.2024 young Students Scientist program was Organized by Department of Computer Applications for IX Class Students with the theme of "Basics of Computer Applications".

The day Started with the welcome address given by Mrs. R. Saikumari, Assistant professor of Computer Applications followed by a presidential address was given by Mrs. D. Rajaselvi, Head & Assistant professor of Computer Applications Sri Akilandeswari Women's College and Wandiwash.

The Objectives of program is to encourage the students to look their knowledge about the topic of "Basic and Fundamentals of Computer Applications" was given by Mrs. D. Rajaselvi, Mrs. M. Sumitha, Mrs. R. Saikumari, All basic Computers Consist of four functions: inputs, Storage, processing and output. IPO is often called IPOS or input, process. Output, Storage.

The Computer receives input, processes the input as per user instructions and provides output and can be Stored in a desired format.

The central processing Unit (CPU) is the primary Component of a computing that acts as its "control Center." The CPU, also referred to as the "Central" or "main" processor, is a complex Set of electronic circuitry that runs the machine's Operating System and apps.

Expand of COMPUTER - "Common Operating Machine Purposely Used for Technological and Educational Research".

The practical Session conducted by Mrs. R. Saikumari p. Thangaselvi, about the paint "click the Brushes option at the top of the paint window, then click the type of brush tip you want to use".

Total number of 40 Students Learned about "Basics and fundamental of Computer Applications"

Finally, celebrate the New year celebrations "2024" with Coordinators and BCA faculty in B.Ed., Auditorium.

Basic Fundamental of Computer.

DATE: 28.02.2024

The Department of Computer Application conducted an Baric fundamentals of Computer on 28.02.2024.

The day started with the Welcome address given by selvi P. Abinaya I-BCA II-Batch, followed by a Presidential address was given by Dr. S. Rukmani, Principal, Sri Akilandeswari Women's college, Wandiwash.

The focal thems was given by Mrs. D. Rajaselvi Head & Assistant professor, and Department of Computer Applications. Next, the chief guest was Mrs. R. Mohanadevi, Assistant Professor, Department of Computer Application.

The special address was given by Mrs. C. Pradeepa, Assistant professor, and department of Computer Application.

The day seeks to highlight and recognize the forward-thinking educators. baric fundamentals of computers.

COMPUTER FULL FORM: Full form of computer is "Common Operating Machine purposely used for Technological and Educational Research". When computers were initially created in the Middle of the 20th century, the phrase was first used.

What is Computer?

The Computer is a super-intelligent electronic device that can perform tasks, process information and store data. It has Memory to store information temporarily so that the computer can quickly access it when needed.

The five basic operations that a computer Perform are input, storeage, procesring, output and control.

INPUT DEVICES

Input devices accept data and Instructions from the User.

Followings are the example of Various Input devices, which are connected to the Computer for this purpose.

Keyboard
Mouse
Light-Pen
optical / magnetic scanner
Touch Screen.

OUTPUT DEVICES

Output devices return processed data that is information, back to the User some of the commonly used output devices are:

Monitor
Printers
plotter
speaker.

cpu - Central processing Unit or the cpu, is the brain of the computer. It Works the same way a human brain Works.

Students of I BCA II Batch of 46 Members have actively participated and Benefited.

Finally, the Vote of thanks was delivered by selvi. M. KEERTHANA, I BCA - II Batch.
