### Professionally Dedicated And Socially Responsible Professionals Can Bring About A Change In Society: Lion.ThiruvallarB. Munirathinam

**Lion.Thiruvallar B. Munirathinam, Chairman SAWC** addressed the students on the topic "How to be Successful in Academic life" and highlighted the traits required to be successful in academic as well as professional life. He emphasized the fact that majority of us want the change to happen in society but we want others to bring about the change. He urged everyone present that we should be professionally committed, socially responsible and dedicated to step beyond our comfort zones to bring about a constructive change in the society. He also highlighted that the basic purpose of one's academic life is to strive for excellence and a mere mediocre attitude

won't suffice. He linked students' academic performance with the development of the nation and said that India can walk proudly on the path of development if the students of the nation can set their priorities right and can work towards the achievement of their goals with a single minded dedication.

### **The First Year Students Should Try To Be Adapted In the Rich Academic Culture of The Institution: Lion.ThiruvalarEr. M. Ramanan B.E.,**

**Lion.ThiruvalarEr. M. Ramanan B.E.,** Secretary SAWCW, interacted with the first year students and apprised them with the academic rules and regulations. He highlighted that a very rich academic atmosphere prevails in the institution and the first year students should strive hard to become a part of it. He highlighted that in the last end semester University Examinations the students of the Institutions bagged as many as 25 merit positions. He urged upon them to emulate the success of their seniors and give their best to bring laurels to the institution.

### **Induction Training Will Help Students Familiarize With the SAWC Culture:**

#### **Dr. S. Mythili**

**Dr. S. MYTHILI, Principal SAWC** welcomed the new entrants to the institution and highlighted that the special induction training program has been introduced on the recommendations of **UGC** to help students understand better who they are. will be provided information regarding Research Opportunities, Academic Initiatives, Job Scenarios and the required skills set, Community Services Initiatives, Entrepreneurship Cell, Sports and Cultural Activities. She also highlighted the fact that at times there is a gap between the desired level of the student and where she actually is and that gap can be filled through this one week induction training program. She shared with the new entrants that by securing a seat in SAWC they have taken the initial step towards a successful professional life but at the same time urged them not to be complacent and give their best so as to set higher benchmarks for others to emulate. She emphasized that students should try to inculcate the values of trust, commitment and respect towards elders and society. Highlighting the importance of education, she stated that practical and constructive implementation of education is what that matters. Used properly, a creative mind of a student can make one a missile man of the country like **Dr APJ ABDUL KALAM**. She urged the students to be committed to make a difference in the society and highlighted that students can bring about changes in the society by finding solutions to persistent contemporary problems like global warming, water crisis and many more. The induction programme was brought in with a view to uplift the level of the entrants to an elevated stage, promote all-round development and exposing learners' stigmas to minimize and to maximize their learning. Learners come with diverse thoughts, backgrounds & perceptions. Hence it becomes important to help them adjust to the new environment & inculcate the ethics of the institution with a sense of larger purpose. That is where the lacuna lies which demands a program dynamic enough to address the issue.

### Students Who Are Aware of Their Rights And Responsibilities Can Be True

- ✗ Fresher's were able to attach moral values and behaviors with the practices of the institutional activities
- ✗ Self-analysis and introspection was positively bridged for their academic needs.
- ✗ Self-analysis and introspection was positively bridged for their academic needs.
- ✗ Fresher's were able to project exemplary performance in activities designed during induction programme

### *Special Schedule for Hostel Students*

Wakeup call with refreshing music

Significance of yoga and advantages of doing yoga regularly were talked about.

A sequence of yoga asana and pranayama was pursued. It essentially covered following asanas and pranayama. Warm up exercise and Surya namaskar. Sitting asanas:

Vajrasana, shashank asana, vakrasana, padpaschimottan asana. Standing asanas: vriksh asana, cushion hast asana, smidgen asana, ardhachakrasana. Lying asanas: halasana, sarvang asana, dhanurasananausk asana, shav asana. Pranayama: Anulomvilom, Kapalbhathi, Bhastrika.

Meditation and relaxation was practiced to attain peace of mind

### **CONCLUSION**

With the cooperation of the students and the faculty members the Induction programme was able to record the feedbacks of the students in Expert talks, Village Visit. The total involvement of deputed Faculties actively engrossed in various responsibilities of induction programme. That facilitated to motivate the entrants to stir like a sugar in water of institutional activities. Students are made aware about multidisciplinary areas and their developments and developed ability to transcend from subjective knowledge to the application of subject in real lifesituations.

**09.09.2019**

#### **INTRODUCTION:**

The international conference '**RELEVANCE OF MATHEMATICS IN REAL LIFE SCENARIO**' was conducted on 09.09.2019 by Department of Mathematics and Physics with CA, Vidhya Sagar Women's College, Chengalpattu. Two assistant professors Mr.G.Babu and Mr.M.Vengatesa perumal were participated in this conference and also got received the certificates.

#### **OBJECTIVES:**

The objectives of the conference is to clearly demonstrate how mathematician can improve their research skills and apply mathematical theorems in real life.

The conference was organized in three sessions. That is

First session: Inaugural session

Second session : Technical session

Third session : Valedictory session

### **INAUGURAL SESSION:**

The conference is started with welcome address by Dr. C. Shalini, Principal, Vidhya Sagar Women's college. The inaugural speech was delivered by Mrs.V.Kalpana, Department of Mathematics and Mrs.B.Padmadevi, Department of Physics with CA. She told regarding the importance of the conference

The inauguration chief guest Dr.G.SREENIVASULU REDDY, Reader in Mathematics, Govt. Degree College, Pakala, Andhra Pradesh. He said that the concept of algebra, real, complex analysis were associated with problems in real life. For example algebra concept used to washing machine, etc. Everybody says that computer graduates getting ten thousand to fifteen thousands, this subject deeply involve the concept of linear algebra, topology is useful to sensor analysis. Mathematics is more efficient to other. The mathematics course should not be overused, it is not useful for anything. Also he said that maths should be studied deeply. Only then can I claim to be a mathematician. After reading superficially, there is no point in saying I am a mathematician

### **TECHNICAL SESSION**

The second session is technical session. In this session many phd holders presented papers. One said that transportation cost problem using algorithm for Ragupathy method and comparing of other three methods. And we understand the graph and umbrella graph concepts. How to use mathematical data in agriculture.

### **VALEDICTORY SESSION**

After lunch conducted the valedictory. In this session the chief guest Dr.C.PRABAKAR REDDDY, Consultant Reactor Physics and Former Chief Station Physicist, FBTR (Fast Breeder Test Reactor), IGCAR, Kalpakkam. He said that so many theorem's are old version, the Fermat's theorem

every year study the same Fermat's theorem. So update all kind of theorem recently in real life oriented. Finally one of the student said to vote of thanks. And played national anthem song.

## CONCLUSION:

Hence we learned the all mathematical topics and get research knowledge. It is helped other staff how to develop their curriculum vita. We get new ideas to study mathematical theorems. It is useful to teach the mathematical theorems related to real life to students. To develop research knowledge and subject knowledge to students. We develop the innovative thinking to develop the subject knowledge for students. It is useful to We motivate the students and staff's to participate/presentation in many conferences.

## REPORT OF ONE DAY WORKSHOP ON “SAGE”

The State Level One day Workshop on “SAGE” (Mathematical Software) was conducted by the Department of Mathematics, King Nandhivarman College of Arts and Science, Thellar on 20-09-2019. The workshop was inaugurated by the chairman, principal, resource person's, convener and the faculties by honoring the resource person's with small introduction.

Three resource person's Dr. S. Dhanasekar, Dr. V. Parthiban, and Dr. A. Manimaran, Assistant Professor, (Senior Grade) from VIT University, Chennai Campus was handled the three technical sessions individually.

In the first technical session Dr. S. Dhanasekar, gave the small introduction to the Mathematical Software SAGE and explained how it is work. Then the second technical session was handled by Dr. V. Parthiban, particularly he explained how we construct the Matrix and how find the addition, multiplication, determinant, inverse of Matrix in an easy way by using SAGE. In addition the third session was taken by Dr. A. Manimaran. He gave the lecture on the uses of SAGE in modern world of mathematics.

The software SAGE was shared by the resource person to the participants and the hands on training was given. Finally the valedictory was done successfully with the certificate distribution. From the experience gathered from this workshop we inferred that the mathematical software SAGE is very useful tool for compute the mathematical problems in the easy way. It use is need for the doing the research work
